

Click this button to hide or show your table of contents. You can select from this table of contents to move through the content if you wish.

You can use these buttons to move through the sections in your course.

Click this button to make your video full screen. Press your ESC key to exit full screen.

Finish Course

After completing all course sections you can click the Finish Course button on the last section of this course to exit your course.

*** To exit the course before reaching the final screen, simply close this browser tab. You will return to the My Courses page. Please keep the main window open during your session.*

*** If you are experiencing any issues with course status display or credit claim, clearing your browser cache can often help.*

Helpful Hints:

1. Remember, you can resume your course. You don't need to complete the learning all in one session.
2. There is important audio associated with this course, so please make sure your volume is turned up.
3. The course has been tested in multiple browsers, but for best experience across all devices, Google Chrome browser is recommended.
